Edson Hosts Scott Firefit Event May 30th-31st!

Edson, Alberta, May 25th, 2015 – Just a reminder that we’re just under a week away from Firefit in Edson!

The Scott Firefit Championships Western Alberta Regional event runs May 30th and 31st at Griffiths Park in Edson. Firefighters from all across Canada will be pushing themselves to the limit as they compete in this grueling competition.

The Firefit event features an obstacle course simulating tasks that firefighters may come across on an actual fire scene.

“We are very excited to host this event in Edson once again”, says Edson Deputy Chief Tyler Robinson. “Firefit is a great competition, pushing firefighters to their limits with great displays of competitiveness and comradery.”

Robinson adds there will also be a refreshment tent set up, bouncy house for the kids and a kid’s obstacle course this year.

If you’re interested in helping out at the event please contact Tyler Robinson at 780-723-3178. For more info on the event itself visit www.firefit.com.
