REPLACE WITH

Substantial Completion: no later than **August 9, 2024**

Construction Completion: no later than **August 30, 2024**

Questions and answers

Question #1

The Schedule of Quantities found on pages 23-26 of the Specs in the Tender Documents. There are two pages labeled Schedule C (page 25 & 26) where all the line items and quantities are identical to Schedule A & B on the previous 2 pages. Would you be able to provide any insight into this?

Answer #1

The intention is for the Town to be able to award either the 10th Avenue project (Schedule A), 54th Street project (Schedule B), or both projects together (Schedule C). *It is understood there will be cost savings for efficiencies if both projects are awarded; Schedule C is intended to be the bid price if both projects are awarded together for construction in the same season.*
