The Town of Edson’s Community Development team aims to connect residents and area visitors with the social, active living, and art resources within the community and regional area.

The Community Development team plays an integral role in the areas of Family and Community Support Services (FCSS), Active Living, and Arts and Culture. We take a Community Development approach to design, implement, coordinate and administrate programs and events that meet the community's need.

The new Griffiths Park Centre houses the Town of Edson Community Development team and provides a space for programming, events, resource connection, and community support.
