Important Information on Payments from the Town of Edson

As of October 1, 2018 the Town of Edson will be changing how we process payments. We will begin issuing EFT payments daily and reducing payments made by cheque to once a month. EFTs are electronic payments that are deposited directly into your bank account allowing you to be paid faster at no additional cost. An emailed remittance advice will notify you of the invoices paid. To ensure you receive your funds promptly, sign up for EFT today!
